Join our Team at Wisconsin Sleep!

Join our team and be part of the talent that makes UWMF/UW Health the best work and academic environments. The Sleep Lab Technician performs a variety of sleep studies to diagnose the type and extent of disorders. They will work closely with patients to diagnose and determine therapy for patients with a variety of disorders related to sleep. Technician's will score sleep data and prepare raw data for physician interpretation.

We currently have the following openings:

Pediatric Sleep Lab Technician (160020SQ)

0.9 FTE (36 hours per week, 12 hour shifts – 6:30 p.m. – 7:00 a.m.)

Sleep Lab Technician (150004PY)

0.75 FTE (30 hours per week, 10 hour shifts – 8:00 p.m. – 6:30 a.m.)

We strive to assist our staff to excel as professionals, while growing as individuals. Our competitive human resource programs are designed to facilitate a work/life balance, offering fulfilling careers that support both individual aspirations and families at home.
